## HOBSON MEASURE MEETS DEFEAT

House Refuses to Submit Prohibition Amendment to State Legislators by a Vote of 197 to 189.

Washington, Dec. 23.—The Hobson resolution to submit a constitutional amendment for national prohibition to the state legislatures was defeated in the house Tuesday night, 197 yeas, 189 nays, and 189 against. An affirmative vote of two-thirds was required to adopt the resolution.

Party lines were wiped out in the struggle. Democratic Leader Underwood and Republican Leader Mann fought shoulder to shoulder at the head of the forces opposing the resolution. When the vote came, of the 197 standing for the resolution 114 were democrats, 68 were republicans and 7 were progressives and four were independent republicans.

An effort to secure a record vote or several amendments was defeated.

## WANT PEACE BUT NOT ANY KIND

American Industry Should Rest on Primal Rights Says Frank Walsh.

DISCUSSES LABOR SITUATION

Kansas City, Dec. 23.—"We want peace in American industry but we do not want peace at any price," said Frank Walsh, chairman of the Federal commission on industrial relations in an address before the City club today in which he commented on the labor situation in Colorado.

"We want peace to rest on these primal rights that are the basis of our government. A settlement of the Colorado difficulty on any other basis than the happiness and the rights of man, I will always protest."

Mr. Walsh painted a vivid picture of the startling intimate view the commission is gaining of the industrial situation, its intricacies and its imminent dangers.

"Our recommendations will amount to little, the facts we assemble will amount to much," he said. He pointed out that the very law which created the commission implied the existence of industrial unrest.

"What safeguards," he asked, "have we more important than those which safeguard human rights and human happiness? My property is no good to me unless I have the basic right of human freedom."

Mr. Walsh asserted, "In the fact that thousands of people today are occupying cold and dismal camps because of an effort, wise or unwise to better their condition; we are concerned, too, in the destruction of fifteen million dollars' worth of primal products of the earth. But, we are more concerned with the breakdown of the balance of power, that control, which the state is supposed to exercise. We may get rid of the soldiers, but what of the courts being a by-word and hissing the constitution violated by those contestants in times of both war and peace?"

"I look hopefully to the future," he concluded, "to an intelligent electorate more and more taking into its own hands that which is really its own affair."

## FURTHER ACTION IN FERRET CASE

Amended Petition in Suit Involving Taxation of Oil and Gas Leases.

Further action was taken in the case of C. H. Pittman, tax ferret and the state against John Kramer, county treasurer of Tulsa county seeking to have property, valued into the millions, added to the tax rolls of the county when Pat Malloy, attorney for the treasurer filed an amended petition in the state supreme court today.

Pittman and the attorney general are seeking to have the value of oil leases added to the assessed valuation of the capital stock of hundreds of oil corporations with headquarters at Tulsa. Pittman filed statements of these alleged added valuations with County Treasurer Kramer, and the various oil companies filed objections which were sustained by the treasurer.

Pittman then filed an original action in mandamus in the state supreme court held that the value of oil and gas leases can be added to the capital stock of corporations in making assessments when it rendered its decision in the Indian Territory illuminating oil case holding that oil and gas leases "as such" cannot be taxed.

## WERE RECOMMENDED

Governor Hodges of Kansas and Ex-Governor Ansel Supported For Federal Trade Commission Job.

Washington, Dec. 23.—Governor Hodges of Kansas and Ex-Governor Ansel, South Carolina, has been recommended to the president for membership in the new federal trade commission. Democratic congressmen from Kansas endorsed Hodges and Representative Aiken, supported Ansel.

## IN JAIL UNLAWFULLY

Criminal Court of Appeals Reverses Sentence of Tony Pettite Convicted of Arson in Pittsburg County.

The five year penitentiary sentence of Tony Pettite is the district court of Pittsburg county is reversed in an opinion by Judge Thomas H. Doyle in the criminal court of appeals today.

Pettite was convicted of arson constituting the alleged malicious destruction of insured property with intent to defraud the Hamburg-Bremen Fire Insurance company and the Fire association of Philadelphia. Pettite had a store at Alderson Okla., which was burned.

Judge Doyle bases his reversal of the case on the ground that the prosecuting officers of Pittsburg county permitted four terms of the district court to pass before filing an information against Pettite thus depriving him of his liberty for nearly a year without due process of law.

But sometimes an amateur vocalist loses his voice and the neighbors live peacefully ever after.

# Make It a Gift Worth While—Music

The Happiest Homes will be those with a Christmas Piano—Pianola—Victrola—Violin

Such a present will last a lifetime. It will make the giver as well as loved ones in the home most happy

## Pardoned Wife Slayer Ordered From Home By Fellow Citizens

Topeka, Kan., Dec. 23.—When William H. Klumire, 60 years old, wife slayer, pardoned by Governor George H. Hodges from the Kansas penitentiary, returned to his former home at Holton, so crowd of friends greeted him. The old man fired a "rig" and rode alone to his farm a few miles from town.

The same night people in Holton and on surrounding farms locked their doors before going to bed.

Before Klumire had been home two weeks three women, Mrs. Philip Ericker, Mrs. John Davis and Mrs. William Blossom read him a petition demanding that he leave the community within forty-eight hours and never return.

The old convict trembled as he listened and asked: "I worked hard on this place; aren't you too severe on me?"

Klumire refused to heed the demand in the petition and is still on the farm occupied by his son, John.

Following his refusal, three Holton men—John Davis, Philip Ericker and Robert Pattman—came to Topeka to see what could be done to force Klumire to leave the community.

"We don't know whether we can legally force Klumire out," said Davis, "and we don't say what measures we will take to make him go. But we don't want him around. We are going to keep on trying until we succeed."

Two hundred and seventy-eight names were signed to the petition demanding that Klumire leave.

The petition was: "We the undersigned petitioners and residents of Liberty township and vicinity, after recalling to our minds the most atrocious crime ever committed in our county, in which your family was rendered motherless and further recalling the fact to our minds that you are the man who perpetrated the most heinous crime ever com-

## ALLEGED SLAYER OF TWO SURRENDERS WHEN FATIGUED

Charleston, W. Va., Dec. 23.—In a state of collapse from fatigue and exhaustion, Mat Jarrell, alleged slayer of a deputy sheriff and a 9-year-old boy at Oakley, has surrendered.

Deputy Sheriff Elias F. Nance was killed instantly in a revolver duel with Jarrell, whom he attempted to arrest for drunkenness. Bullets from Jarrell's revolver are said to have struck Henry Ratcliffe, 9 years old; Mrs. Josephine W. Nance and Billy Adams. The Ratcliffe boy died. The woman is injured seriously. It is said.

Nothing interests a girl less than a novel that the author has dedicated to his wife.
